Mounting Material:

Aluminum

Mounting Surface Treatment:

Anodized

Overall Length:

4.500 inches

Overall Height:

2.950 inches

Overall Width:

2.250 inches

Mounting Facility:

Mounting board

Mounting Configuration:

Six no. 6/0.138 in./- 32 unc tapped mtg holes, three holes in a line, holes 2.062 in. C to c, lines spaced 1.875 c to c

Controlling Agency:

Electro-mech components inc

Identifying Number:

W3053 part no.

Individual Relay Quantity:

8

Relay Type:

Solenoid

Special Markings:

J7u stamped on relay no.1, j8u stamped on relay no.2, j9u stamped on relay no.3, j7u and j9u stamped on relayno.4, j7l stamped on relay no.5, j8l stamped on relay no.6, j9l stamped on relay no.7, j7l and j9l stamped on relay no.8

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
