**Special Features:**

Input voltage 24v dc, 20vdc , 32v dc max, with internal dpdt 10 amp, 120v ac, 60hz resistive relay, resistor adjustable time delay on operate, time delay 60 sec max, minus 40 to plus 55 degrees c operating temp, recycle and release time 60 milliseconds, with polarity protection, 2.375 in. Lg, 1.750 in. W, 4.122 in. H, 8 pin terminals, 1 mtg guide pin, plug in mtg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A513k0
