Environmental Protection:

Dustproof

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.650 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Time Delay:

0.02 seconds fixed operate time

Main Contact Load Current Rating At Maximum Rated Voltage:

2.0 amperes ac inductive load

Main Contact Maximum Voltage Rating In Volts:

115.0 ac

Special Features:

3 dummy terminals; 8 pin octal socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
