Overall Length:

3.310 inches

Overall Diameter:

1.310 inches

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

3.640 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

8 plug-in terminal single mounting facility

Features Provided:

Polarized

Operating Voltage Rating And Type At Specificationified Temp:

47.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

250.0 milliamperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

110.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
