**Overall Length:**

3.310 inches

**Overall Diameter:**

1.310 inches

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

3.640 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

8 plug-in terminal single mounting facility

**Features Provided:**

Polarized

**Operating Voltage Rating And Type At Specificationified Temp:**

47.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

250.0 milliamperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

110.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
