| Overall Length:                          |
|--|
| 3.141 inches                             |
| Overall Height:                          |
| 3.000 inches                             |
| Overall Width:                           |
| 2.266 inches                             |
| Mounting Facility Type And Quantity:     |
| 2 unthreaded hole                        |
| Contact Maximum Voltage Rating In Volts: |
| 600.0 ac                                 |
| Special Features:                        |
| 3pstno                                   |
| Terminal Type And Quantity:              |
| 8 screw                                  |
| Shelf Life:                              |
| N/a                                      |
| Unit Of Measure:                         |
|  |
| Demilitarization:                        |
| No                                       |
| Fiig:                                    |
| A500I0                                   |
