Overall Length:

4.650 inches

Overall Height:

1.460 inches

Overall Width:

1.870 inches

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.050 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 threaded hole single mounting facility

Pile-up Main Contact Form Arrangement:

1a and 2a and 2b

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

10.0 milliamperes dc single winding

Time Delay:

0.440 seconds fixed release time

Main Contact Load Current Rating At Maximum Rated Voltage:

1.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

50.0 dc

Special Features:

Short-circuited sleeve over core

Terminal Type And Quantity:

2 wire lead contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
