Mounting Material:

Aluminum

Mounting Surface Treatment:

Anodized

Overall Length:

8.437 inches

Overall Height:

5.750 inches

Overall Width:

4.750 inches

Mounting Facility:

Mounting board

Mounting Configuration:

Four no. 6-32 unc tapped mtg holes spaced on 2.250 in. By 7.750 in. Mtg centers

Controlling Agency:

Pacific relays inc

Identifying Number:

40021 part no. And 40022 part no. And 20173 part no.

Individual Relay Quantity:

13

Relay Type:

Armature

Fsc Application Data:

Recorder reproducer set data, countermeasures, model cmss1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
