**Overall Length:**

2.090 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

0.973 inches single mounting facility

**Overall Height:**

0.840 inches

**Overall Width:**

1.220 inches

**Environmental Protection:**

Hermetic

**Unthreaded Mounting Hole Diameter:**

0.125 inches single mounting facility

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

7.5 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

2.6 milliamperes dc single winding and 2.9 milliamperes dc single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

2.0 amperes dc inductive load

**Main Contact Maximum Voltage Rating In Volts:**

28.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
