Mounting Material:

Aluminum

Mounting Surface Treatment:

Chromate

Overall Length:

15.156 inches

Overall Height:

7.316 inches

Overall Width:

13.438 inches

Mounting Facility:

Container

Mounting Configuration:

Eight 0.273 in. Diameter mtg holes irregularly spaced

Controlling Agency:

Army missile command

Identifying Number:

9081617 part no. And 9060225 part no. And 9176146 part no. And 9175872 part no.

Individual Relay Quantity:

4

Relay Type:

Armature

Special Markings:

Warning 416 volts inside stamped on container

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
