Overall Length:

1.590 inches

Overall Height:

3.120 inches

Overall Width:

1.590 inches

Environmental Protection:

Hermetic

Winding Quantity:

2

Coil Quantity:

1

Winding Dc Resistance Rating:

50.0 ohms all windings

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Features Provided:

Polarized

Main Contact Load Current Rating At Maximum Rated Voltage:

14.0 milliamperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

28.0 dc

Special Features:

Std octal socket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
