Overall Length:

1.330 inches

Overall Height:

0.420 inches

Overall Width:

0.870 inches

Environmental Protection:

Hermetic

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Arc Quenching Method:

Nitrogen

Operating Voltage Rating And Type At Specificationified Temp:

12.6 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

500.0 milliamperes ac resistive load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
