**Overall Length:**

1.480 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

1.000 inches single mounting facility

**Overall Height:**

0.400 inches

**Overall Width:**

1.180 inches

**Environmental Protection:**

Hermetic

**Unthreaded Mounting Hole Diameter:**

0.096 inches single mounting facility

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

4.0 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

3.2 milliamperes dc single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

26.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

2.0 amperes dc inductive load

**Main Contact Maximum Voltage Rating In Volts:**

28.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
