Overall Length:
1.656 inches
Overall Height:
0.313 inches
Overall Width:
0.875 inches
Unthreaded Mounting Hole Diameter:
0.164 inches single mounting facility
Accommodated Item Securing Device Type:
Friction fastener
Mounting Facility Type And Quantity:
1 unthreaded hole single mounting facility
Material:
Steel
Material Specification:
Qq-s-766, cl 302 federal specification single material response
Surface Treatment:
Passivate
Style Designator:
Irregular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A062a0
