Overall Length:

4.750 inches

Overall Height:

3.156 inches

Overall Width:

2.687 inches

External Thread Size Designator:

8-32

End Application:

Air rate surveillance radar 1 (arsr1)

Motor Type:

Synchronous

Mounting Method:

Threaded mounting holes

Special Features:

Yelec rating 115vac maximum voltage, 5 amp res current at maximum rated voltage; motor 115 vac, 60 hz; 2 terminals for motor/6 for contacts; actuation time 300 sec operating time; hermetically sealed; four mtg holes spaced on 4-1/4 x 2 in. Mtg ctrs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519n0
