Terminal Quantity:

3

Terminal Type:

Solder lug

Overall Length:

1.750 inches

Overall Height:

2.438 inches

Overall Width:

1.594 inches

Dc Voltage Rating:

Between 20.0 volts and 32.0 volts

Environmental Protection:

Waterproof and water resistant

Mounting Configuration:

Mts by 4 studs no. 6-32, 3/8 in. Lg, on 1 in. By 1 in. Mtg centers

Actuation Type:

Electromechanical

Adjustability:

Nonadjustable

Flashing Rate:

60 per minute

Duty Cycle:

1.0 seconds on

Failure Automatic Circuit Condition:

On

Accuracy In Percent:

5.0

Controlled Circuit Quantity:

3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-m
