## NSN 5945-00-988-0234

Thermal Flasher - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-00-988-0234 **Terminal Quantity: Terminal Type:** Solder lug **Overall Length:** 1.750 inches **Overall Height:** 2.438 inches **Overall Width:** 1.594 inches Dc Voltage Rating: Between 20.0 volts and 32.0 volts **Environmental Protection:** Waterproof and water resistant **Mounting Configuration:** Mts by 4 studs no. 6-32, 3/8 in. Lg, on 1 in. By 1 in. Mtg centers **Actuation Type:** Electromechanical Adjustability: Nonadjustable Flashing Rate: 60 per minute **Duty Cycle:** 1.0 seconds on **Failure Automatic Circuit Condition:** On **Accuracy In Percent:** 5.0 **Controlled Circuit Quantity:** 3 Shelf Life: N/a **Unit Of Measure:** 

**Demilitarization:** 

No Fiig: T142-m
