Overall Length:

1.406 inches

Overall Height:

2.437 inches

Overall Width:

1.406 inches

Environmental Protection:

Dustproof

End Application:

Approach light sequence flasher (alsf)

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Arc Quenching Method:

Air

Mounting Facility Type And Quantity:

8 plug-in terminal single mounting facility

Time Delay:

0.0015 seconds fixed operate time

Terminal Type And Quantity:

2 pin energizing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
