Special Features:

5.5 ma input current, 85 vdc maximum control voltage, 20 amp maximum output current, 280 vac load voltage rating, 50 to 500 hz freq range, 200 amp surge current, 22 watts power dissipation, hermetically sealed, 2.000 in. Lg, 2.000 in. W, @one 0.203 in. Diameter mtg hole centrally located, 1.300 in. H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
