Overall Length:

3.562 inches

Overall Height:

2.250 inches

Overall Width:

1.875 inches

Frequency In Hertz:

60.0

Winding Quantity:

1

Coil Quantity:

1

Arc Quenching Method:

Air

Operating Voltage Rating And Type At Specificationified Temp:

230.0 volts ac 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

10.0 milliamperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

120.0 ac

Terminal Type And Quantity:

2 wire lead contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
