**Overall Length:**

3.562 inches

**Overall Height:**

2.250 inches

**Overall Width:**

1.875 inches

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Arc Quenching Method:**

Air

**Operating Voltage Rating And Type At Specificationified Temp:**

230.0 volts ac 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

10.0 milliamperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

120.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
