**Features Provided:**

Hermetically sealed and transistor driven

**Criticality Code Justification:**

Feat

**Special Features:**

0.398 in. Maximum lg; 0.275/0.335 in. Dia; 5.0 vdc; contact rating: 1 amp resistive, 200 ma inductive

**Specification Data:**

81349-mil-r-28776/1 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51310
