General Description:

3electrical resistive 22.0 amperes, inductive 9.0 amperes, voltage 208.0 vac, o/a dim 2.46 in lg by 1.46 in w by 2.00 in h; mounting configuration two holes 0.145 in diameter located on mounting tabs; oper temp range minus 40 to plus 150 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
