

View Online at <https://aerobasegroup.com/nsn/5945-01-075-8938>

Special Features:

Vencapsulated, optically isolated, dc control, solid state relay with ac rated, normally open contacts; input data: control voltage range 3-32 vdc; maximum input current 9.5 ma dc at 13.0 vdc control voltage; output data: operating voltage 280 vrms maximum at 60 h; rated load current 2.5 amps maximum at power factor of 40 % with external filter; operating temperature -30 degrees c to +80 degrees c; 2.250 in. Lg; 1.750 in. W; 0.875 in. H; two 0.172 in. Diameter mtg holes spaced 1.875 in. C to c; screw terminals

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
