**Special Features:**

Contact data dpdt, 2 oamps at 120 ovac, input data 28 ovdc, operate time 3msecs, release time 2 msec, dielectric strength between insulated points 1500 urms, operating temp 55c to 65c, sensitive coils 55c to 75c, soldering temperature 270 c 518 f maximum for 5 seconds, 8 pin plug in, o/a dimensions 1.090 lg, 0.675 o/a high, mounting data standard octal eight pin plug in

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A513k0
