

View Online at <https://aerobasegroup.com/nsn/5945-01-090-9733>

Special Features:

3input operating voltage 230 vac; line frequency 50 or 60 hz; output data: 1pstno, max load current 1 amp steady state, 10 amp inrush, min operating current 20 ma max, voltage drop 2.5 volts typical at 1 amp; transient protected; time delay adjustable range 2 to 180 sec; operating temperature -20 degrees c to +60 degrees c; phenolic housing with totally encapsulated circuitry; termination 1/4 in. Male fast-on terminals; 2.000 in. Lg; 2.000 in. W; 1.300 in. H; surface mtd with one number 8 or number 10 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
