Contact Arrangement:

Single pole, double throw

Features Provided:

Hermetically sealed

Criticality Code Justification:

Feat

Special Features:

Failure rate 3.0 pct; 1.0 amp resistive at 28 vdc; input data: 26.5 vdc w/2000 ohms resistance and 100 ma; weldable and solderable leads; 0.370 in. Maximum dia; 0.280 in. Maximum lg

Specification Data:

81349-mil-r-28776/5 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
