Body Style:

O-frame

Fragility Factor:

Moderately rugged

End Application:

Bus transfer, automatic

Inclosure Type:

Fully enclosed

Magnetic Coil Quantity:

1

Duty Type:

Continuous

Terminal Location:

End opposite actuator

Voltage Rating In Volts:

450.0 ac

Storage Type:

General purpose warehouse

Actuator Stroke Type:

Pull

Power Takeoff Connection Type:

Slotted

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A134a0
