Overall Length:

4.000 inches

Overall Height:

3.410 inches

Overall Width:

3.130 inches

Special Features:

Basic type design; range 0-40 min; voltage and freq 120 vac, 60 hz; function arrangement off-delay non-reset on power interruption; switch differential 2.5 pct/5 pct of diameter lg range; load switches one spdt instantaneous type; two spdt delayed type; contact ratings 10 amp at 120 vac; temp rating 32-120 degrees f; std surface mtg 4 holes 6-32 screws, on 2.750 x 2.630 in. Hole ctrs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A519n0
