Overall Length:

4.688 inches

Overall Width:

1.625 inches

End Application:

Used on ifv m2a1

Contact Arrangement:

Single pole, double throw

Mounting Facility Type And Quantity:

2 unthreaded hole

Contact Maximum Current Rating In Amps:

150.0 dc

Special Features:

First step height is 1.078 and second step height is 2.094

Terminal Type And Quantity:

2 threaded stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500I0
