**Overall Length:**

4.688 inches

**Overall Width:**

1.625 inches

**End Application:**

Used on ifv m2a1

**Contact Arrangement:**

Single pole, double throw

**Mounting Facility Type And Quantity:**

2 unthreaded hole

**Contact Maximum Current Rating In Amps:**

150.0 dc

**Special Features:**

First step height is 1.078 and second step height is 2.094

**Terminal Type And Quantity:**

2 threaded stud

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A500I0
