Overall Length:

2.500 inches

Overall Height:

2.060 inches

Overall Width:

2.000 inches

Mounting Slot Width:

0.188 inches single mounting facility

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.4 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 slotted hole single mounting facility

Nonpile-up Main Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Criticality Code Justification:

Feat

Operating Voltage Rating And Type At Specificationified Temp:

170.0 volts ac nonstandard temp single winding

Special Features:

One terminal common to coil and contacts

Terminal Type And Quantity:

5 screw all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
