**Special Features:**

Sealed; optically isolated; zero voltage turn on; 25 amp; 250 vac; 45 to 440 hz; power switching; spst, normally open; 9 to 32 vdc input; operating temperature range minus 55.0 to 110.0 degrees c; 2.410 in. Maximum o/a lg; 1.300 in. Body h; 1.570 in. Maximum o/a w; 4 hook terminals

**Specification Data:**

81349-mil-r-28750/10 government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A513k0
