Overall Length:

3.641 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

1.000 inches single mounting facility

Overall Height:

3.656 inches

Overall Width:

1.281 inches

Unthreaded Mounting Hole Diameter:

0.172 inches single mounting facility

Frequency In Hertz:

60.0

Winding Quantity:

1

Coil Quantity:

1

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Voltage Rating And Type At Specificationified Temp:

120.0 volts ac 25 degrees celsius single winding

Special Features:

Specifications pressure 50 psi max; air capaci type 30 scfm at 20 psi with 1 psi drop, pwr consumption 5.7 watts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
