| Magnetic Coil Quantity:           |
|-----------------------------------|
| 1                                 |
| Electrical Resistance:            |
| 343.00 ohms                       |
| Duty Type:                        |
| Continuous                        |
| Voltage Rating In Volts:          |
| 460.0 ac                          |
| Actuator Stroke Type:             |
| Pull                              |
| Linear Force Delivered:           |
| 12.00 pounds                      |
| Energizing Stroke Maximum Length: |
| 1.063 inches                      |
| Shelf Life:                       |
| N/a                               |
| Unit Of Measure:                  |
|                                   |
| Demilitarization:                 |
| No                                |
| Fiig:                             |
| A134a0                            |
