Overall Length:

4.800 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

3.947 inches single mounting facility

Center To Center Distance Between Mounting Facilities Parallel To Width:

3.947 inches single mounting facility

Overall Height:

6.060 inches

Overall Width:

4.800 inches

Unthreaded Mounting Hole Diameter:

0.213 inches single mounting facility and 0.228 inches single mounting facility

Frequency In Hertz:

60.0 or 400.0

Duty Type:

Continuous

Mounting Facility Type And Quantity:

4 unthreaded hole single mounting facility

Mounting Facility Pattern:

Rectangular single mounting facility

Auxiliary Contact Maximum Voltage Rating In Volts:

32.0 dc

Main Contact Maximum Voltage Rating In Volts:

208.0 ac

Terminal Type And Quantity:

6 threaded stud contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
