**Special Features:**

Input voltage range is 95 to 132 vac; maximum output voltage rating is 18 vdc; optically isolated; built in snubber network; led status indicator; input terminals are screw and tab, solder lug; output terminals are pins; 1.520 in. Lg; 0.970 in. W; 1.940 in. H

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A513k0
