Terminal Quantity:

2

Terminal Type:

Standard tube base

Overall Length:

1.375 inches

Overall Height:

1.688 inches

Overall Width:

0.625 inches

Ac Voltage Rating:

110.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Environmental Protection:

Dustproof

Cubic Measure:

1.451 cubic inches

Usage Design:

Panel

Mounting Configuration:

Plug-in terminal mounting

Adjustability:

Nonadjustable

Flashing Rate:

90 per minute

Controlled Circuit Quantity:

1

Battery Operation Facility:

Not provided

Lamp Quantity For Which Designed:

1

Operating Mechanism Inclosure:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-m
