Terminal Quantity:

1

Terminal Type:

Standard tube base

Overall Length:

2.391 inches

Overall Height:

3.625 inches

Overall Width:

1.781 inches

Ac Voltage Rating:

24.0 volts

Dc Voltage Rating:

24.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Environmental Protection:

Dustproof

Cubic Measure:

15.437 cubic inches

Mounting Configuration:

Plug in tube base

Adjustability:

Adjustable

Flashing Rate:

Between 10 per minute and 100 per minute

Controlled Circuit Quantity:

2

Battery Operation Facility:

Not provided

Lamp Quantity For Which Designed:

4

Operating Mechanism Inclosure:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-m
