Overall Length:

1.953 inches

Overall Width:

1.265 inches

Overall Diameter:

1.812 inches

Frequency In Hertz:

Between 45.0 and 420.0

Special Features:

Relay, 4 pdt; opering voltage 115 vac; contact rating 10a at 29 vdc or 115 vac, 60 to 400 hz, non-inductive; contact voltage drop 100 mv maximum at rated load; operate time 20 msec maximum at rated voltage; release time 25 msec maximum at rated voltage; dielectric withstanding voltage 1000 vrms at sea leve; temp range -55 degrees c to +85 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
