**Overall Length:**

1.953 inches

**Overall Width:**

1.265 inches

**Overall Diameter:**

1.812 inches

**Frequency In Hertz:**

Between 45.0 and 420.0

**Special Features:**

Relay, 4 pdt; opering voltage 115 vac; contact rating 10a at 29 vdc or 115 vac, 60 to 400 hz, non-inductive; contact voltage drop 100 mv maximum at rated load; operate time 20 msec maximum at rated voltage; release time 25 msec maximum at rated voltage; dielectric withstanding voltage 1000 vrms at sea leve; temp range -55 degrees c to +85 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
