NSN 5945-01-197-9838

Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-01-197-9838

Overall Length:
1.953 inches
Overall Width:
1.265 inches
Overall Diameter:
1.812 inches
Frequency In Hertz:
Between 45.0 and 420.0
Special Features:
Relay, 4 pdt; opering voltage 115 vac; contact rating 10a at 29 vdc or 115 vac, 60 to 400 hz, non-inductive; contact voltage drop 100 mv
maximum at raded load; operate time 20 msec maximum at rated voltage; release time 25 msec maximum at rated voltage; dielectric
withstanding voltage 1000 vrms at sea leve; temp range -55 degrees c to +85 degrees c
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A03300
