Special Features:

Length 2.281 in. Max; width 2.156 in. Max; 10 terminals on a 0.910 in. Dia; 6-32 unc-2a, stud 4 places; height 3.320 in. Max; 1 amp; input voltage 220/380 vrms pep phase, 3 phase, 4 wire; operating current 50 ma; operating frequency 50 hz; contact rating at 28 ydc 1.0 amp dc, max. Resistive load; on-state voltage 2 volts max; operating temperature minus 55 degrees c to plus 100 degrees c; hermetically sealed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A513k0
