Overall Length:

0.810 inches

Overall Height:

0.310 inches

Overall Width:

0.410 inches

Environmental Protection:

Shock resistant

Main Contact Load Current Rating At Maximum Rated Voltage:

250.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

32.0 dc

Special Features:

Operating temp range m55 to p125 degrees c; polarity protection; 10ms maximum recycle time

Terminal Type And Quantity:

8 pin all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
