Overall Length:

1.718 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

1.446 inches single mounting facility

Overall Height:

1.320 inches

Overall Width:

0.525 inches

Environmental Protection:

Hermetic

Coil Quantity:

2

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

10.0 amperes dc all windings

Operating Voltage Rating And Type At Specificationified Temp:

28.0 volts dc nonstandard temp all windings

Terminal Type And Quantity:

8 wire hook all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
