Winding Dc Resistance Rating:

500.0 ohms single winding

Operating Voltage Rating And Type At Specificationified Temp:

12.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

1.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

28.0 dc

Special Features:

Failure rate level 3.0 percent

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
