**Winding Dc Resistance Rating:**

390.0 ohms single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

12.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

1.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

28.0 dc

**Special Features:**

Failure rate level 3.0 percent

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
