Overall Length:

4.370 inches

Overall Height:

1.160 inches

Overall Width:

4.000 inches

Mounting Facility:

Mounting board

Mounting Configuration:

Four unthreaded 0.180 inch diameter holes placed in a rectangular configuration spaced 2.250 inches by 3.812 inches

Controlling Agency:

United technologies corp; sikorsky aircraft div

Identifying Number:

70902-41401 drawing no.

Individual Relay Quantity:

7

Relay Type:

Time delay and electromagnetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
