Fragility Factor:

Moderately rugged

End Application:

4920-01-187-4068 test system, aut

Purpose For Which Designed:

General

Winding Dc Resistance Rating:

230.0 ohms single winding

Storage Type:

General purpose warehouse

Operating Voltage Rating And Type At Specificationified Temp:

5.0 volts dc 25 degrees celsius single winding

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
