Overall Length:

2.250 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

1.250 inches single mounting facility

Center To Center Distance Between Mounting Facilities Parallel To Width:

1.680 inches single mounting facility

Overall Height:

2.060 inches

Overall Width:

1.780 inches

Unthreaded Mounting Hole Diameter:

0.156 inches single mounting facility

End Application:

H-1 helicopter

Frequency In Hertz:

400.0

Purpose For Which Designed:

Specific

Duty Type:

Continuous

Mounting Facility Type And Quantity:

4 unthreaded hole single mounting facility

Mounting Facility Pattern:

Rectangular single mounting facility

Time Delay:

6.00 seconds fixed operate time

Main Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

28.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
